General Manager - Akara Mining Limited
No 90/37, 14th Flr, Sathorn Thani Bldg 1
North Sathorn Road
Kwang Silom, Khet Bangrak
Bankok 10500 Thailand

Dear Mr. MacIntyre:

On behalf of the Board of Directors of the International Cyanide Management Institute (“ICMI”), I offer our congratulations on the certification of Kingsgate Consolidated Limited’s Chatree Gold Mine in Thailand. The certification of the Chatree Gold Mine is effective January 24, 2008.

The audit documents for the Chatree Gold Mine have been reviewed by ICMI for completeness and were found to meet ICMI requirements. Based on the audit findings, the Chatree Gold Mine is certified in compliance with the International Cyanide Management Code for the Manufacture, Transport and Use of Cyanide in the Production of Gold (the “Code”). Pursuant to the authorization received from you, dated September 19, 2007, the operation’s Summary Audit Report and Auditor Credentials Form will be posted on the ICMI web site.

The Chatree Gold Mine must then be audited on a three-year cycle and found in compliance with the Code, to maintain its certification.

Please do not hesitate to contact us should you have any questions.

Sincerely,

Paul Bateman
President

cc: Dino Bertoldi, Process Manager, Chatree Gold Mine
